How to determine number of uses: A use is defined as an “occurrence”. For instance, if you used marijuana on one occasion, but took multiple puffs, it would count as one (1) use. However, if different drugs were used, they each count as one (1) use. So, if you used marijuana and cocaine during the same “occurrence”, this would count as one (1) “use” of marijuana and one (1) “use” of cocaine.

In the chart below, please indicate your marijuana usage by checking the boxes that most accurately reflect your history.
